### **DETAILED ACTION**

Receipt is acknowledged of the information disclosure statement and request for continued prosecution filed 09/09/2005.

Applicant is requested to provide a copy of the claims that does not contain claims 25 or the second claim 59, both described as (cancelled) in the listing of claims. The printer was still confused by this, so that future listings of the claims should not include those claims which have been cancelled.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 10, 17, 19, 26, 38, 39, 51, 58, and 65 are rejected under 35

U.S.C. 102(b) based upon a public use or sale of the invention.

Applicant has provided evidence that the product by Arrow International, Inc was in public use and provides the combination of chlorhexidine and chlorhexidine acetate (chlorhexidine salt).

An issue of public use or on sale activity has been raised in this application. In order for the examiner to properly consider patentability of the claimed invention under 35 U.S.C. 102(b), additional information regarding this issue is required as follows:

Art Unit: 1615

Applicant is requested to provide a comparative declaration clearly showing that the product of the instant claims is distinct from that of Arrow International, Inc.

Applicant is reminded that failure to fully reply to this requirement for information will result in a holding of abandonment.

Claims 3-9, 11-16, 18, 20-25, 27-37, 40-50, 52-57, 59-64 are objected to as dependent upon a rejected base claim.
